retrieves and sets site options including plugin and wordpress settings

log in to your wordpress com account to manage your website publish content and access
all your tools securely and easily

in a nutshell you can make your own settings pages and add options fields to it and that
without writing one single line of code use the get option function link to do with your
option value field name

12 aug 2019 all the data is stored in the wp options table under a given custom name this
page contains the technical documentation needed to use the options api a list of default
options can be

when the option has just been saved in the database and get option is used right after non
string scalar and null values are not converted to string equivalents and the original type
is returned

retrieves an option value based on an option name description if the option does not exist
and a default value is not provided boolean false is returned

rather than allow developers to access this table directly wordpress has some functions that you can use to create and change options in that table to create an option and assign a null value to it use
