Limited Focus on Disciplinary Variations Academic language varies significantly across disciplines, from the highly technical language of sciences to the more discursive style of humanities. The book's general approach may not fully address these nuances, necessitating supplementary discipline- specific resources. Depth of Coverage Some advanced learners or teachers may find that certain complex grammatical phenomena, such as advanced clause structures or discourse markers, are only briefly touched upon, requiring additional materials for in-depth mastery. Balance Between Explanation and Practice Although well-structured, some users may find the balance between theoretical explanation and practical application uneven, especially if they prefer more explicit grammar rule descriptions.
